about 30 minutes earlier...
There are words that bother you?
yes
I tried to look them up in a dictionary but they weren't in there...
In an afternoon drama, a man said to a woman who appeared to be his mistress
"I'm only having a physical relationship with you"
WHAAAAAT!?

physical?
Only...
Yeah... ehm well...
Really!?
Because Suzune-chan knows so much about the future
I figured you knew about that as well.
O...of course!
Only physical... so it's a non-spiritual state... in other words:
There is no way that Future Suzune wouldn't know about that
hm
!
ピョン

Waah! As expected of Suzune-chan!
I don't understand it, but it sounds awesome!
A state of selflessness!
In order to get into a state of selflessness
your bodies have to touch for the spiritual power to reach the ultimate level.
hm hm
that you have reached such a state?
Suzune-chan, could it be...
That way both your spirits will unite in a far away world where all becomes white...

That's so nice!
Sayo also wants to have a physical relationship!
I have to move... my body
haa haa
nn more
Well, it was by accident though... How many times was it?
You have to feel it!
Picture an image of the both of you turning round and round.
Round and round?
When you feel the spiritual power of your partner
When you are going to do it... you mustn't think about it
How do you raise your spiritual power?
Tell me!

Just a minute!
I have just the right book here.
Look at this!
Ah! I have seen this!
This is how you do it
Yes, yes!
At that time, mumble "access"
I see!
Thank you!
Suzune-chan really knows a lot!
hm
for a person from the future... no...
for an adult is such a thing common sense.
Well then
I'm going to test it out now with Shouta-kun!
Shou...!?
